Ask the Expert

LeeAnn Pearce,
Concierge Services Supervisor at Wynn/Encore

Q: What is your favorite way to beat the heat in Las Vegas?

A: One of my favorite pastimes is the Sunday Jazz Brunch at The Country Club at Wynn. Perched over Wynn's fairways, the intimate hideaway offers gorgeous views of the 18th hole waterfall and rolling greens. There are live interactive cooking stations, a full menu of Big-Easy inspired dishes and a live Dixieland band. I like to work it all off with an afternoon of shopping at Saks Fifth Avenue, Neiman Marcus and the other shops and boutiques located across the street at Fashion Show.

Q: What is your favorite pool party or lavish cabana experience in town?

A: Hands down, the Encore Beach Club. You just can't beat the airy St. Tropez feel, with bright mango colors, state-of-the-art sound and amazing DJ talents. Amazingly, this 60,000 square foot venue offers an intimate club experience, a lush oasis filled with three pristine pools, comfy daybeds, 26 posh cabanas and 8 exclusive bungalows. At night, everything transitions into the white hot club, Surrender.
